

# There is only **ONE WAY** to finance life insurance premiums...

## the **RIGHT WAY** – the **Cambridge Plan**.

### Premium Financing Done Right:

- Is sold to high net worth consumers who need death benefit as a solution for Federal estate tax liabilities.
- Is **fully transparent** with everything disclosed to the life insurance company, who are our partners... not obstacles to circumvent in the financing process.
- There are **NO** up front payments of any kind. There are **NO** investors or strangers involved in the program; we are opposed to any form of STOLI and/or IOLI.
- The lender, Cambridge Financing Company, has **NO** ownership of any kind in the policy if the loan is paid off and will **never** participate in any manner on the settlement of the policy.
- Currently there are twelve carriers accepting the Cambridge plan and we are adding more every day.
- The **intent** of the insured is to finance life insurance for death benefit needs, **not to sell the policy to generate a profit**.
- **Legal opinions** are issued by a nationally recognized law firm for every loan made on **insurable interest and loan structure**.
- Our loan processing staff provides you complete back office support, enabling you to focus on sales.
